

SILVERDALE

Make a statement with the stunning beauty of mango wood with the Silverdale Dining collection. The simple transitional style of this collection allows the tiger striping unique to mango to be the focal point, drawn out by the Russet finish.

The curved edges of the table and server top beautifully complement the construction details, like the exposed wood dowels where the table apron joins each leg. The server includes many unique features such as stemware racks and flippable wine shelves. Both chair styles feature elegant steam bent slats to maximize comfort and provide lumbar support.
